Do this by making a sales web page for the brand new e-book, but don't embrace a worth on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out costs by making a number of duplicate gross sales pages with totally different prices on every page. Be sure that your gross sales copy is exactly the same on

every web page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and gross sales of your book. It will tell you what your optimum value is.

Finally, if you happen to've written a book that solves a drawback or presents a new approach, your e book will usher in both visitors and profits.
