An efficient approach for figuring out a value is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for his or her opinion when it comes to price. Do this by creating a gross sales web page for the new guide, but do not embrace a value on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by making a number of duplicate gross sales pages with totally different costs on every page. Be sure your sales copy is precisely the same on every web

page, and consists of your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your site and sales of your book. This may tell you what your optimum value is.

Ultimately, in the event you've written a book that solves a drawback or presents a new technique, your guide will bring in each visitors and profits.
