Moreover selling your books assiduously on-line, there are several other methods that can help you sell more books.

An effective technique for figuring out a value is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the brand new guide, but don't include a price on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out costs by making a number of duplicate gross sales pages with completely different prices on each page. Be sure your gross sales copy is strictly the same on each

page, and includes your promoting-handle sentence. Then figure out for each web page the conversion ratio between visitors to your site and gross sales of your book. This can let you know what your optimum value is.

Finally, when you've written a book that solves a drawback or presents a brand new approach, your e book will herald both site visitors and profits. So remember to write that selling-handle sentence that sums up what problem your ebook solves and what the advantages of your 109 e book will likely be to the purchasers who buy it. And then watch your market come to you!
