An effective method for figuring out a price is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for his or her opinion when it comes to price. Do that by creating a sales page for the brand new guide, but do not embody a worth on that page. As a substitute, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out prices by creating a variety of duplicate gross sales pages with completely different costs on every page. Be certain that your gross sales copy is exactly the

similar on every web page, and contains your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your site and sales of your book. It will let you know what your optimum value is.

Finally, should you've written a e-book that solves a drawback or presents a brand new method, your guide will usher in both site visitors and profits. So remember to write that selling-deal with sentence that sums up what drawback your e book solves and what the benefits of your 1730 book might be to the customers who purchase it.
