An effective approach for figuring out a value is to ship out a survey to your present customers. If these clients have already bought an book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the brand new e-book, but don't include a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with completely different costs on every page. Ensure that your gross sales copy is exactly the similar on each web page, and consists of your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your website and gross sales of your book. This will inform you what your optimum price is.
