One other strategy is to test out prices by making a number of duplicate gross sales pages with completely different costs on every page. Be certain that your gross sales copy is precisely the similar on each page, and includes your promoting-deal with sentence. Then determine for each web page the conversion ratio between guests to your web site and sales of your book. This may let you know what your optimum worth is.

In the end, when you've written a ebook that solves a problem or presents a brand new method, your e-

book will bring in both site visitors and profits. So be sure to write that selling-handle sentence that sums up what downside your book solves and what the benefits of your 2520 e-book will likely be to the customers who buy it. And then watch your market come to you!
