Another technique is to test out costs by making a number of duplicate gross sales pages with completely different prices on each page. Be sure that your gross sales copy is strictly the same on

every web page, and includes your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your site and gross sales of your book. This can let you know what your optimum worth is.

Finally, should you've written a guide that solves a drawback or presents a new technique, your guide will bring in both visitors and profits.
