An efficient approach for figuring out a price is to ship out a survey to your current customers. If these prospects have already bought an e book from you, ask for their opinion by way of price. Do

this by making a sales web page for the brand new e-book, however do not embody a price on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to test out prices by making a number of duplicate sales pages with different prices on every page. Make certain your gross sales copy is precisely the identical on every page, and includes your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your web site and gross sales of your book. This will inform you what your optimum value is.

In the end, when you've written a book that solves a drawback or presents a new approach, your e-book will usher in both visitors and profits.
