An effective method for figuring out a value is to send out a survey to your current customers. If these prospects have already bought an book from you, ask for their opinion by way of price. Do that by making a sales web page for the new e book, but don't embrace a value on that page. Instead, add

numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out prices by creating a variety of duplicate gross sales pages with different prices on every page. Be certain that your sales copy is exactly the same on every web page, and contains your selling-deal with sentence. Then figure out for every page the conversion ratio between visitors to your website and sales of your book. It will tell you what your optimum price is.

Ultimately, if you've written a guide that solves a downside or presents a new approach, your e book will usher in both site visitors and profits. So make sure you write that selling-deal with sentence that sums up what drawback your e book solves and what the benefits of your 979 ebook will likely be to the shoppers who buy it.
